To Whom It May Concern:

It has come to our attention that the FCC has introduced a new broadcast service, LPFM, with plans to expand this service. We are greatly concerned that the station we both listen to and support would be displaced by LPFM. We have enjoyed listening K-LOVE FM for over ten years. There is not another station with its format or content available in San Diego. The music and the message presented by K-LOVE are upbeat and encouraging. It would be a great loss to our community and to us personally if they were no longer able to broadcast. Please take this into consideration in any proposed expansion of LPFM.

Thank you,

Tom & Nancy Hooper
